## **Seminar on** **MENSTRUAL HYGIENE**

On 13th May, 2023, a seminar on "Menstrual Hygiene" was organized by the **Kanyashree Committee** in collaboration with the **Internal Quality Assurance Cell of Dinabandhu Andrews College**. Young activist, **Shri Sobhan Mukherjee, Pad Man of Bengal**, was the resource person. His speech was highly motivating as he shared his first-hand experience in this field after working for so many years. His team conducted a workshop where all the participants were highly encouraged and came

forward to talk about different issues on the topic in detail. The program was very successful on a number of faculty members and students (irrespective of gender) from various disciplines of our college actively participated and interacted with great enthusiasms. A group of Kanyashree Volunteers played a significant role in planning and organizing the whole event. The feedback was very good as everybody found it very useful and requested the organizers to arrange for thy type of initiative again. The programme ended by a vote of thanks, given by the Nodal Officer and Convener, Kanyashree.

**SHRI SOBHAN  
MUKHERJEE**

Hon'ble Speaker,  
Padman of Bengal.
